

2024 FRESH COOLED SEMEN AGREEMENT

This agreement is made for the 2024 breeding season by and between Erin Winds Equestrian, LLC (hereinafter "Stallion Owner") and _____ (hereinafter "Mare Owner"), for _____ (mare) and the stallion Mystic Art. Mare is expected to be bred around ____ day of _____(month).

1. The Mare Owner hereby agrees to purchase fresh cooled semen at the following breeding fee: US \$ _____ for Mystic Art, plus Collection/Packaging, Shipping & Equitainer rental cost payable to Irongate Equine Clinic. Refer to the Irongate Equine Clinic Fresh Cooled Semen Shipment Protocol included with this contract for pricing. Payment for the breeding fee must be received by the Stallion Owner before any semen will be released.
2. The Mare Owner must contact the Stallion Owner at least 48 hours prior to the requested date of shipment so the stallion is ready for transport to the clinic. Requests for semen shipments are made by calling 262-339-2085, ideally 48 hours before the mare needs to be inseminated. Semen will be shipped by Fed Ex from Madison, Wisconsin, overnight & delivered the following day. Irongate Equine Clinic schedules collections and shipments Monday thru Friday. In the unlikely event that more requests for semen is being received than semen can be shipped, requests will be filled in order they are received.
3. Mare Owner warrants that said mare is in sound breeding condition as determined by a qualified veterinarian. Mare Owner agrees that mare will be bred by a licensed veterinarian with considerable experience in A.I. and access to a veterinary ultrasound machine.
4. Should the mare fail to be in foal after initial insemination, Stallion Owner agrees to ship fresh cooled semen for a repeat service AFTER receipt of:
 - a. signed veterinarian certificate confirming that mare is not in foal and
 - b. payment made to Irongate Equine Clinic to cover collection and shipping fees for the repeat service. Repeat service is limited to a total of two shipments.
5. Should the contracted stallion die, become unfit for service, or be sold, to fulfil this contract, Erin Winds Equestrian, LLC will substitute this fresh semen agreement for frozen semen from the same stallion or refund the breeding fee. Collection, handling, and shipping fees will have to be paid.
6. Both parties acknowledge that there is a live foal guarantee for all mares NOT OLDER than 14 years of age during 2024. The burden is on the mare owner to submit proof of age (valid registration papers). For the live foal guarantee to be valid, the following conditions must be met:
 - a. A licensed veterinarian must examine the mare and advise Stallion Owner in writing of the mare's pregnancy status within 50 days of the last insemination. If this notification is not provided, the live foal guarantee and return breeding privileges of this contract become null and void.
 - b. Should the mare not produce a live foal (i.e., a newborn foal that stands and nurses), the mare owner is entitled to return breeding. This guarantee shall only

apply if the stallion owner is notified in writing within 72 hours of the foal's death. A statement of details by a licensed veterinarian must follow within 10 days or the guarantee becomes null and void. This clause is also binding in case of abortion. If the mare resorbs her pregnancy; we need written verification of this fact from your veterinarian.

7. There is NO live foal guarantee for mares older than 14 years during 2024 or for semen used to flush embryos.
8. This agreement is binding upon the parties herein and reflects the entirety of their agreement.
